N1 = Homologated for goods transport

*Kerb weight is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle, including fluids and approximately 10 litres of fuel. It does not include the driver 75 (kg), crew or cargo

**Payload within this guide is the difference between gross vehicle weight (GVW) and kerb weight. Payload includes the driver 75 (kg). It must be taken into account that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load the vehicle close to the maximum payload, we recommend you also add 5% of kerb mass to the kerb weight figure to reduce the risk of overloading NB: It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.

***Figures shown are for comparability purposes; only compare fuel consumption, CO2 figures and electric range with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

^(#)Fuel economy and CO2 results for the Fiat Professional E-Doblo: Mpg (l/100km): Not applicable CO2 emissions: 0 g/km Electric range: WLTP Combined cycle 170 miles., These figures were obtained after the battery had been fully charged. The E-Doblo is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO2 and electric range figures with other vehicles tested to the same technical procedures.Values may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

*On The Road (OTR) charge includes delivery to dealer and number plates (£695.00 excl. VAT), VAT on delivery charges and number plates (£139.00), First-Year Vehicle Tax (see 1st year VED column) and vehicle First Registration Fee (£55.00).

**Total Estimated OTR Price includes Basic Price and OTR charge (incl. VAT).

^Government applied Plug-in Van Grant (referred to as 'Government Incentive') of 35% up to a maximum of £2,500 has been applied to E-Doblo purchase price subject to Government Grant approval. Grant incentive shown is for representative purpose only and is based in this example on the manufacturers total price (subject to change). Please check with your local retailer or fleet sales representative to ensure that the grant calculation is applied to the final purchase price. Price with Plug-in Van Grant is the basic price with the deduction of the 'Government incentive' excl. VAT. VAT is charged on the basic price, prior to the deduction of the 'Government Incentive'.

IMPORTANT NOTICE

Whilst every reasonable precaution is taken in the preparation of catalogues, technical circulars, price lists and other literature, these documents are for the buyers' general guidance only. The contents of this price list are therefore not to be treated as representations as to the current availability of products as described, or as products actually offered for sale. Fiat Group Automobiles UK Ltd reserves the right to make changes at any time, without notice, to prices, colours, materials, equipment, specifications and models and also to discontinue models. All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the government).
