*Ranger Wildtrak in Cyber Orange special metallic body colour (option and optional Bedliner).*

# 1 EXPLORE

## SUPERPOWER REFINED

'Tackle anything' capability, intuitive tech and enviable looks define the Ford Ranger. And the truck that the world trusts to get things done, is now even more desirable.

The heroic appearance is enhanced by a host of distinctive additions. New front and rear bumper facias, grille design, front headlights and rear lights feature across series, as do a choice of striking alloy wheel designs.

If you're looking for more – the new Ranger delivers. Full-time electronic all-wheel drive (eAWD)\* offers superior grip in all conditions. Plus, you can make the most of the engine's power when it really matters – from the workhorse 2.0L EcoBlue SiT diesel engine (170 PS/405 Nm) to the raucous 3.0L EcoBoost V6 petrol engine (292 PS/491 Nm). And if you're looking to customise, close to 600 accessories\*\* are available to make your new Ranger unique to you.

\*eAWD available for the 2.0L EcoBlue BIT diesel engine, 3.0L EcoBlue V6 diesel engine, and 3.0L EcoBoost V6 petrol engine only. \*\*Cape, utility belt and secret hideout not available.

*Ranger Raptor in Code Orange body colour (option).*

**1** EXPLORE

## MADE OF MORE

The new Ranger is equipped to let you excel. A 400 W 12 V/240 V socket\* mounted in the bed allows you to power fridges, tools, and charge batteries with ease. The upgraded loadbox width has been extended to 1,220 mm (4ft), which allows you to carry a full-width Europallet (1,200 mm), while using a load liner.

A new bedliner design with functional divider locators allows you to quickly create compartments that secure large and small cargo. While a new rear box step (XLT and above) assists you with accessing items.

For the ultimate in flexibility, the optional Cargo Management System allows you to adjust the cleats, which slide and lock into nine available locations – ideal for awkward loads such as concrete boards or motocross bikes.

\*Standard on Ranger Raptor only. Option on all other series.

*Ranger XLT in Blue Lightning metallic body colour (option).*

Ranger XLT in Blue Lightning metallic body colour (option).

## 1 EXPLORE

# CHALLENGE ACCEPTED

With the new Ford Ranger, the only limits are the ones you place on yourself. A range of new technologies allow the vehicle to feel as at home on the high street as it does the high hills.

The SYNC 4A system utilises wireless smartphone integration to keep you seamlessly connected to clients, friends and family. While the Connected Navigation helps you avoid irritating delays, and for your further convenience, provides parking options at your destination via a 10" (25.4 cm) or 12" (30.5 cm) touchscreen\*.

A range of drive modes optimise comfort, whatever the terrain. Normal, Eco, Slippery, and Tow Haul (automatic only) modes easily meet daily demands. But, if you require extreme performance, Sand, Baja and Rock Crawl\*\*† modes pack the punch you need.

And the new Ranger doesn't just look tough. It is tough. Tested for the equivalent of 10 years (87,600 hours) in just four months – ensuring longevity in even the most punishing conditions.

\*Screen size dependent on series.

\*\*Available for Ranger Raptor only. †Explicit off-road modes.

*Ranger XLT in Frozen White body colour (option).*

# 1 EXPLORE

## MEET RANGER'S ALTER EGO

Inside the cabin, you'll find levels of comfort, functional design, and trim you would expect to find in a high-end SUV. And while it's you, the driver who gets to enjoy most of the new toys, including a new LCD cluster display, and high-res touchscreen, everyone can appreciate improved hip and shoulder room.

Premium textiles feature across the series, and the function-led approach means the interior caters to both the demands of work time and play time.

Among the many other highlights are newly-designed centre consoles\*, with wireless charging† for Qi enabled devices such as mobile phones. Door trims have also had a makeover, as have the release handles, which have been lowered for better reach. And whatever the conditions outside, the improved climate control system keeps things just the way you like them in the cabin.

\*Centre console dependent on series. †Available as an option.

*Ranger Raptor Double Cab with Super Matte (leather) and Dinamica Auto Miko (fabric), with Code Orange accent strips.*

**1** EXPLORE

## **WALKS THE WALK**

If you're looking for a truck with 'oomph' – you've come to the right place. The choice of three premium diesel powertrains are equally robust, capable, and smooth on-road and off it.

Both available diesel engines offer biodiesel compatibility. The 2.0L SiT (Single-Turbo) diesel engine (170 PS/405 Nm) features a compact turbocharger that provides an urgent feel across the rev range. While the 2.0L EcoBlue BiT (Bi-Turbo) diesel engine produces a purposeful 205 PS/500 Nm, without compromising on fuel economy.

If you require more power – for work, play or heroics – the 3.0L EcoBlue V6 diesel engine (240 PS/600 Nm) available on Wildtrak and the Ranger Raptor's 3.0L V6 petrol engine (292 PS/491 Nm) are ready for action. Both feature eAWD for full 4x4 capability and control, and a 10-speed automatic transmission, which provides smooth and immediate response when you need it, and improves trailer tow capability at low revs.

*Ranger Wildtrak in Cyber Orange special metallic body colour (option).*

## ALMOST INVINCIBLE

Want to play rough? Then let's go. The Off-Road SYNC screen can be activated at the touch of a button to display all off-road features – including predictive guidance lines over the front camera's live feed. Plus, you can view pitch and roll angles – allowing you to reach the limits without exceeding them.

For you extreme adventurers, two new drive modes are available. Mud & Ruts<sup>†\*</sup> maximises grip during launch and helps keep the tyre tread clear of mud. While Sand<sup>†\*\*</sup> mode optimises power delivery and gearshift to maintain momentum in both sand and snow. But should you get stuck, dual recovery hooks are available at the front and back of the vehicle. In addition, specially engineered underbody protection helps shield vulnerable components, such as steering, sump and transmission.

Ranger is also easily customisable, with dual battery capability for running camping accessories, and six overhead upfitter switches in place for an extensive range of conversions.

### Selectable Drive Modes

Normal, Eco, and Slippery modes help give the Ranger go-anywhere capability. But Tow Haul<sup>††</sup> mode gives the Ranger tow-almost-anything capability. Up to 3,500 kg can be managed with ease, as the system optimises gearshift timing for best power delivery and engine braking.

<sup>†</sup>Explicit off-road modes only. <sup>\*</sup>Available on Wildtrak and Raptor only. <sup>\*\*</sup>Available on Raptor only. <sup>††</sup>Automatic only.

Ranger Raptor with fully digital instrument cluster with 12" (30.5 cm) TFT display.

# 1 EXPLORE

## MISSIONS MADE EASY

Ford SYNC 4A helps make everyday travel more enjoyable. Whether you're choosing a destination or the soundtrack for your adventure, it can be easily done via a 10" (25.4 cm) or 12" (30.5 cm)<sup>†</sup> high-res touchscreen or using conversational voice commands\*.

The system also seamlessly integrates with your smartphone via Bluetooth® – allowing you to make hands-free calls, as well as hear and dictate text messages. Mobile coverage also enables the off-board search capability of the embedded navigation – which provides real-time information and live map updates\*\* to help you avoid irritating and potentially costly delays. But, if you're out in the wilderness with no mobile coverage, don't worry, the on-board system will continue to guide you.

SYNC 4A also provides weather information, details of fuel-stops along your route and their pricing, as well as parking availability at your destination. And should you need it, the digital owner's manual is available on-screen, helping to quickly and easily initiate you with the system and any updates.

**Please note:** Full SYNC 4A smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 4 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check their official websites for the latest information.

<sup>†</sup>Standard on Wildtrak and Raptor only. \*Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

\*\*Complimentary for a limited period following vehicle registration.

## FORD TELEMATICS ESSENTIALS

Ford Telematics Essentials<sup>†</sup> is a complimentary web-based fleet management tool which utilises a wealth of powerful data, including vehicle health status, to help you optimise uptime.

Designed for fleets of any size, it allows for more effective maintenance planning. And with access to FORDLive included, you can also share data directly with your Dealer for smarter, faster repairs.

### Complimentary and connected

An ideal tool for medium to large fleet operators, it allows you to monitor the day-to-day essentials without charge. Available for all vehicles with a FordPass Connect modem.

### Unlock health data

From manufacturer diagnostic codes with suggested actions and recall information, to customised maintenance schedules based on oil life, engine hours, time and mileage, you can identify issues before they become problems, and keep your fleet moving.

### Connect to FORDLive

When you grant permission, your Ford Authorised Repairer can see your vehicle health data, allowing the Dealer to proactively order parts, flag other upcoming maintenance, and agree with you the best schedule to maximise uptime.

<sup>†</sup>Ford Data Services and Ford Telematics are available for Ford vehicles with a FordPass Connect modem or a Ford plug-in modem. Fleet/business customers only. Subscription charges and Ford Connected Service terms and conditions apply.

# 1 EXPLORE

## FORD TELEMATICS

Available for fleets of any size, this range of productivity tools, alerts and vehicle insights, allows you to monitor your vehicles' performance, keep track of where they go, how they're used, and how they're running.

### Improve asset utilisation

Keep track of the vehicles in your fleet with GPS tracking and geo-fencing capabilities. Knowing exactly where all vehicles are at all times helps you plan more effectively, and get the most out of your team.

### Maximise vehicle availability

Receive proactive notifications and vehicle health alerts, so you can plan ahead and stay ahead. Workflow tools help schedule services in advance, avoid costly, unexpected repairs, and reduce disruption to your operation.

### Optimise your running costs

With the ability to monitor fuel/energy consumption across your vehicles, you can identify areas of waste, and the causes – enabling you to improve efficiency, which can help you save money over the life of your vehicles.

### Protect your fleet

Manage your fleet and driver 'behaviour' every day. You can receive a range of notifications, including advance service reminders, or a warning if a driver isn't wearing their seatbelt. This helps you act quickly to protect your operation.

### Think about the environment

The Ford range of hybrid and electric vehicles is developing and growing rapidly. And our telematics solutions evolve in tandem to help you maximise the benefits of an electric fleet.

### Improve driver behaviour

Your drivers play a key role in your operation, which is why Ford Telematics now includes in-vehicle coaching. The system also provides valuable insights into driver behaviour; and informs you of coaching opportunities to increase efficiency, reduce waste, and improve compliance.

# 1 EXPLORE

## FORDPASS PRO

Whether you work with one business vehicle or manage up to five, FordPass Pro gives you the tools you need to help keep them healthy, secure, and running smoothly. Simply download FordPass Pro from the App Store or get it on Google Play.

### Health alerts

Receive notifications for key vehicle health information, such as oil life and tyre pressures.

### Fleet health on map

Check the location and health status of all your vehicles on a single map at the start and end of the working day.

### Remote Start\*

Ideal for cold and frosty mornings, Remote Start allows you to fire up the engine and defrost the windscreen before your working day.

### Remote lock and unlock

Check if a vehicle is secure, plus lock or unlock it remotely – including separate Zonal Unlocking for cabin and load doors.

### SecuriAlert

Offers a heightened state of security beyond your vehicle's alarm system. If someone is detected accessing your vehicle, even with a stolen or duplicated key, you will be notified.

### Roadside Assistance

Keep your fleet up and running with Roadside Assistance when and where you need it (only available with an active Roadside Assistance plan).

### Online service booking

Check your Dealer's availability and book your service directly through the app.

**Note FordPass Pro** is a free app, compatible with select smartphone platforms and is available via download. Future features may be chargeable and message and data rates may apply. **FordPass Pro** is available in selected markets. Please see your Ford Dealer for details.

\*Automatic transmission only.

### Auto Dynamic Levelling

New headlights utilise input from the Ranger's chassis ride-height sensors to automatically adjust – helping avoid glare for oncoming and preceding vehicles.

### Selectable Drive Modes

Wildtrak can help you become one of the world's great explorers. Mud & Ruts\* mode, plus Sand\* mode help you tame the wild at the touch of a button. Just don't forget to top-up your windscreen wash.

### Zone Lighting

Using a combination of the forward facing spotlights, reverse lights and puddle lights you can easily spot hazardous rocks, and help your kids spot dinosaurs\*\* when camping.

## 1 EXPLORE

# STOP AT NOTHING

If you're looking for something that beats a Ford Ranger in the open, you need the new Ford Ranger. The 50 mm increase in track-width helps plant the vehicle more than ever. While the front wheels have been moved forward 50 mm to shorten the overhang and improve the approach angle to 30 degrees.

A 360 degree camera† gives you a clear view front and back, as well as from top-down, to help you though coarse terrain. And if there's no bridge across a river, it isn't a problem. The 800 mm wade depth (850 mm for Raptor) let's you pass through deeper waters with confidence.

Ranger Wildtrak features an off-road pack, which includes a locking rear differential for greater traction, and underbody protection for components that are vulnerable to ragged surfaces. Inside, Wildtrak is as luxurious and comfortable as it is sporty. Trimmed partially in leather, the driver's seat is 8-way electrically adjustable, as are the folding heated door mirrors with integrated puddle lights.

\*Explicitly off-road modes. \*\*Upon spotting a dinosaur, please remain calm and very still. †Standard on Ranger Raptor, Platinum and Wildtrak (3.0L only). Option on all other series.

Ranger Wildtrak with embossed Microrib (leather) and Foundation (fabric).

## GOT YOU COVERED

Every adventurer needs a trusty sidekick to help keep them out of trouble – and the new Ranger has dozens. Across series, a host of driving assist technologies are in place to make travel less troublesome.

Pre-Collision Assist<sup>02)</sup> uses camera technology to detect a potential collision and emits a sound to warn you. While Evasive Steer Assist<sup>02)</sup> can help you manoeuvre around a potential hazard by providing additional steering support.

Whether you're towing or not, the Blind Spot Information System with Trailer Coverage<sup>02)</sup> warns you if another vehicle enters your blind spot with a light in the corresponding mirror.

If you're travelling great distances or through heavy traffic, Adaptive Cruise Control with Stop-and-Go<sup>02)</sup> helps take the strain by automatically keeping your vehicle at a preset speed and distance from the vehicle in front – and can even bring you to a complete stop.

<sup>0)</sup>Uses sensors. <sup>2)</sup>Driver Assistance feature.

*Ranger Raptor in Code Orange metallic body colour (option with optional Sports Hoop and side rails).*

## 1 EXPLORE

# POWER-UP

Step into the dynamic Double Cab interior of the new Ranger Raptor and let the fun begin. The refreshed cabin puts you firmly in command, with new Ford Performance front seats crafted with Miko suede and leather trim. At the centre of the action is the 12" (30.5 cm) high-res touchscreen and new console.

### Always ready

Choosing from seven available drive modes is made quick and easy, so you're always ready for the unexpected.

### On the move

The rugged E-Shifter features illuminated P, R, N, D gears. But, this is a Raptor, so you'll be more interested in the Sport buttons on the side.

### Easier stops

In addition to giving you more room in the cabin, the electric parking brake can be activated by a simple touch, and reduces brake wear and tear.

*Ranger Raptor with Super Matte (leather) and Dinamica Auto Miko (suede), with Code Orange accent strips.*

## ELECTRONIC BRAKE BOOST

This next generation system is designed to reduce the amount of pedal pressure required for braking. The electric brake booster uses a sensor located in the brake pedal to read your actions, and adjusts to suit your driving style in the moment.

## TERRAIN MANAGEMENT SYSTEM

Wherever your sense of adventure takes you, Ranger is ready for what lies ahead. This system adjusts the engine calibration response, transmission and vehicle control systems for various terrains and conditions. The four modes you can choose from include Normal, Slippery\*, Mud & Ruts\*, and Sand\*.

## UPFITTER SWITCHES

Six available auxiliary switches on the overhead console make it easier to power aftermarket conversions, such as light bars and beacons from inside the cab. Individually fused, with ratings from 10A to 30A, allows many types of electrical accessories to be connected. The vehicle is also prewired, with circuits placed where equipment is commonly added, including under the front grille and in the loadbox.

\*Explicit off-road modes only.

## ZONE LIGHTING

Zone lighting allows you to control exterior lights individually in-vehicle or via the FordPass App. The front dipped headlights, puddle lights, loadbox and licence plate lights can all be lit at once – ideal for avoiding trip hazards at night. Or you can use just the lights you need to help you put away tools or to assist you in the event you need to repair a tyre.

## INTEGRATED ELECTRIC TRAILER BRAKE CONTROLLER

When towing, this system ensures smooth and effective trailer braking. The braking pressure of the towing vehicle is proportionally adjusted for the trailer's electric brakes, which helps to avoid lockups. And in the unlikely event of the trailer accidentally disconnecting, an instant visual and audible warning is given.

## HIGH-MOUNTED USB\*

Located alongside the rear-view mirror, this type A USB port converts 12 V vehicle power to 5 V USB output. Ideal for powering dash cameras and other USB devices, as well as charging phones.

\*Available for Ranger Raptor only.

**WIRELESS CHARGING\***

The newly designed centre console features wireless charging\* capability for all of your Qi enabled devices, such as a mobile phone. The secure space includes a non-slip mat, helping to keep the device in place at all times.

**POWER TO BOX**

Mounted in the bed, this 12 V/240 V socket\*\* provides easy connection for a range of power tools, camping equipment, fridges and battery charging.

**ECALL**

In the event of a serious accident, eCall† automatically contacts the emergency services and provides the vehicle location, without the need for your mobile phone to be connected to the vehicle.

**FAR-SIDE AIRBAG**

To mitigate any serious contact between those travelling in the front-row during an accident, this additional airbag activates to separate the driver and passengers.

**AUTO HITCH**

Save time and avoid frustration when towing. The Auto Hitch system (option) helps guide you with ease as you reverse the vehicle to meet the trailer.

\*Standard on Raptor only. Option on XLT. \*\*Standard on Ranger Raptor only. Option on all other series. †Speak to your local Ford Dealer for details.

### **MANUAL ROLLER SHUTTER**

Boasting sleek design, with no external handles and a compact internal canister – this strong and lightweight aluminium roller shutter features a 6-point water management system which can withstand the wettest conditions. Built-in tracks in the side rails make installing additional accessories simple. And the look is completed by a black, UV resistant, powder coat finish. (Option and accessory)

### **POWERED ROLLER SHUTTER**

A remote control in the key fob makes opening and closing easy, while the two speed electric belt-drive makes operation smooth. Built-in tracks in the side rails make installing additional accessories simple, while an automatic LED light activates to offer greater visibility when the cover is open. Black, UV resistant, powder coat finish. (Accessory)

### **UTILITY STORAGE BOX**

Manufactured with high-quality MDPE, this box offers the benefits of being durable and lightweight. Easy to install and remove, the box can be opened to 90° and features two removable storage trays for smaller items with a larger storage space below. While an advanced key locking system helps ensure the safety of your items. (Accessory)

### SOFT TONNEAU COVER

Made from a tough, high quality UV resistant matte black material, this premium cover can be simply fitted via a simple six-clamp system. Sitting on top of your tub body, the cover also streamlines the appearance of your vehicle. While all opening mechanisms are hidden to conceal load area access. (Option and accessory)

### SLIDING BED TRAY

The cargo slide transforms your truck bed into an easy access slide with a load capacity of up to 300kg<sup>†</sup>. The crossover handle can be activated from both the centre and sides for smooth, one-hand opening and closing. For added convenience, as well as safety, the cargo slide has multiple locking positions and a slip-resistant base. (Accessory)

<sup>†</sup>When evenly distributed. Always check the mass of your cargo and accessories to ensure you stay within the vehicle's weight limits.

### **LOAD BED DRAWER SYSTEM**

This twin drawer storage system offers a heavy-duty solution for work and play. Each can hold up to 45kg, while the drawer tops are load-rated at 100kg. Additional convenience and security is offered by side wing covers and flush mount cargo tie-downs, plus lockable, stainless steel drawer paddle slam hatches. (Accessory)

### **LOAD BED DIVIDER**

The bed divider is fitted in the integrated cargo management system rail channels of the vehicle. Operated by the hand-wheel, it can slide back and forth and lock into multiple positions – allowing you to conveniently separate your items how you like, as well as prevent them from sliding around and being damaged. (Option and accessory)

### **COMMERCIAL CANOPY**

Available in black or white execution, this hardtop quickly converts the loading area into a fully protected wagon-style load compartment, complete with LED interior light and central locking rear door. Constructed from 100% recyclable ABS double-shell thermoformed plastic, it offers many benefits, including being weather-proof, joint-free, rust-free, plus strong and lightweight. Added convenience is offered by side plain lift-up gullwing doors, while a high-level LED rear brake light provides an extra measure of safety. (Option and accessory)

### **STYLISH CANOPY**

Quickly convert your Ranger's loading area into a fully protected wagon-style load compartment. The hardtop is constructed from 100% recyclable ABS double-shell thermoformed plastic, which offers the many benefits of being weather-proof, joint-free, rust-free, plus strong and lightweight. Ease of access and cleaning are facilitated by a sliding front bulkhead window, while dark tinted side windows, and tinted safety glass rear door with Heated Rear Window Demister add more style and convenience. (Option and accessory)

## 3 CUSTOMISE

## ACCESSORIES

- 1 Spray in bed liner\*
- 2 Headlight cover
- 3 Sportliner bed rug
- 4 Cross bars, bed mounted†
- 5 Rubber floor mats
- 6 Rear light cover
- 7 Cross bars for roller shutter\*\*
- 8 Thule®+ bike carrier
- 9 Manual roller shutter†
- 10 Wheel arch flares

Items ordered as an option, will be fitted in the factory. If ordered as an accessory, items will be fitted at the dealership. Fitment of accessories may have an impact on your vehicle's fuel consumption.

\*Option only.

\*\*Available as combined option with manual roller shutter. Available as accessory.

†Option and accessory.

+Item covered by third party supplier's warranty, please see back cover for details.

## POWER

### REAL STRENGTH RUNS DEEP

Available with a choice of 170 PS/405 Nm, 205 PS/500 Nm, and 240 PS/600 Nm diesel engines or a 288 PS/491 Nm petrol engine.

#### **This Raptor roars**

The 3.0L V6 petrol engine at your disposal in the Ranger Raptor produces 292 PS/491 Nm of pure entertainment.

#### **Smart on fuel**

The Active Grille Shutter system keeps the grille vent open at low speed to cool the engine, and automatically closes when you pick up speed – improving aerodynamics and helping to save fuel.

#### **Take on the world**

Performance Fox Live shock absorbers\* help tame the toughest trails using electronic active damping to automatically adjust to changing terrain.

#### **Looks that thrill**

A 50 mm increase in track-width helps plant the vehicle more solidly than ever and gives an even more purposeful stance.

#### **Indulge your intrepid side**

Electronic limited slip differential allows both wheels on either the front or rear axle to turn at the same speed, providing extra traction when you really need it.

\*Standard on Ranger Raptor 3.0L EcoBoost V6 only.

## RESPONSIBLE WITH POWER

The new Ford Ranger is powered by a range of EcoBlue diesel engines that produce the power and torque required for diverse work and living conditions. Whichever you choose, you'll discover the refinement and dependable power that have become the hallmark of Ranger – all while proudly adhering to the latest stringent emissions regulations.

170 PS/405 Nm  
From 209 g/km\*  
7.9L/100 km\*

### EFFICIENT

2.0L EcoBlue 170 PS diesel engine  
This single turbo engine is renowned for its hardworking character, which makes it ideal for moving heavy loads and towing, while delivering outstanding fuel efficiency.

\*WLTP combined cycle test figures.

205 PS/500 Nm  
From 219 g/km\*  
8.3L/100 km

### FLEXIBLE

2.0L EcoBlue 205 PS diesel engine  
This Bi-Turbo powertrain offers the best of both worlds, with excellent capability in all conditions without compromising on fuel economy.

\*WLTP combined cycle test figures.

240 PS/600 Nm  
From 252 g/km\*  
9.5L/100 km

### POWERFUL

3.0L V6 EcoBlue 240 PS diesel engine  
The most powerful diesel in the range is made for heavy-duty living. From towing to tough terrain, the impressive torque takes it all in its stride.

\*WLTP combined cycle test figures.

3.0L Ford EcoBoost 292 PS (215 kW) (491 Nm) 10-speed automatic e-4WD	180	7.9	315	13.8

<sup>°</sup>Ford test figures.

<sup>°°</sup>The declared fuel/energy consumptions and CO<sub>2</sub> emissions for Stage 6c (N1) and Stage 6d-TEMP (M1) engines are measured according to the technical requirements and specifications of European Regulations (EC) 715/2007, (EC) 692/2008 and (EU) 2017/1151, as last amended. Fuel consumption and CO<sub>2</sub> emissions may be specified for a vehicle variant and not for a regular vehicle. The applied standard test procedure enables a comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle; driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO<sub>2</sub> emissions. A guide on fuel economy and CO<sub>2</sub> emissions which contains data for all new passenger carrying vehicle models is available at any point of sale free of charge or can be downloaded under <https://www.ford.co.uk/owner/resources-and-support/fuel-economy>. For further information see (EU) 2017/115.

## WEIGHTS AND LOADS

<sup>°</sup>**Payload Gross** = Gross vehicle mass, less kerbweight. **GVM** = Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. <sup>♦</sup>**Kerbweight** = The weight of the complete vehicle and all equipment including fuel and water, but without the payload, driver or any crew. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for Base models with minimum equipment. XLT, Limited and Wildtrak models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. **Note:** All data in the this table is dependent on the actual specification of the vehicle and the market in which that vehicle is available. Contact your local Ford Dealer for more information.

## BUILD YOUR VEHICLE

Build and personalise your vehicle online. Simply head to the Ford website, select your model, then choose your engine, body colour and extras. You'll be able to view the recommended price, and send your configuration to a Ford Commercial Vehicle Dealer if you wish.

[BUILD YOURS NOW](#)

## COMMERCIAL VEHICLE FINANCE

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

**Ford Credit<sup>o</sup>:** Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

**Ford Lease<sup>†</sup>:** Specialises in contract hire and leasing, and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit

[LEARN MORE](#)

## FIND A DEALER AND REQUEST A TEST DRIVE

You can search for a Ford Commercial Vehicle Dealer by location or Dealer name on the Ford website, and request a test drive online. Simply fill in your details and your chosen Dealer will contact you to arrange a convenient time.

[FIND A DEALER](#)

## FORDPASS PRO

Look after up to five business vehicles, with tools to help you keep them healthy, secure and running smoothly. So you can focus on the work.

FordPass Pro is designed for new Commercial Vehicles that come with FordPass Connect. Our built-in modem keeps you effortlessly connected with your vehicles, wherever you are. Giving you all the features you need to keep your business moving.

**FordPass Pro** is available in selected markets. Please see your Ford Dealer for details.

Download FordPass Pro from the App Store or get it on Google Play.

[LEARN MORE](#)

Efficiency, accuracy and convenience are at the heart of the Ford Transit24 Commercial Vehicle service promise. Therefore, whether it is servicing, maintenance or repair you need, be sure to come and see us.

- Available from all Transit Centres and Transit Service Dealers
- While-you-wait servicing by prior appointment
- Late night servicing available at least once per week
- Priority treatment for urgent repairs
- Vehicle off the road repairs (VOR)\*
- Collection and delivery\*\*
- Testing and MOTs
- Transparent pricing
- Genuine Ford parts quality
- Ford-trained technicians
- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

For more information and to find your nearest participating Ford Commercial Vehicle Dealer, visit the aftersales support section at

[LEARN MORE](#) 

\*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off the road' repairs should be completed within 24 hours.

\*\*Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the Dealer. Contact your local Dealer to discuss your requirements.

†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months. See [Ford.co.uk/roadsideassistance](http://Ford.co.uk/roadsideassistance) for more information

### Save on your servicing costs

A Ford Protect Service Plan† fixes your servicing costs at today's prices for the duration of your plan, helping you save money.

Simply select the Ford Protect Service Plan that is most appropriate to your needs, with 2, 3 and 4 year plans available. Ford Protect Service plans can be paid for upfront, or if you buy online through the Ford Online Shop, the costs can be spread into convenient and affordable monthly payments. [www.shop.ford.co.uk/pages/service-plans](http://www.shop.ford.co.uk/pages/service-plans)

If you are looking for even more peace of mind, the Ford Protect Service Plan Plus includes everything already covered by the Ford Protect Service Plan, with the addition of Wear and Tear parts. All work on your vehicle will be undertaken by a Ford authorised repairer. Available through your Ford Dealer at point of registration only.

Ford Protect Service Plans must be purchased before the vehicle is 12 months old or before its first service. They are transferable to the new owner should you decide to sell your vehicle. Your Ford dealer will be happy to advise you on a plan which is tailored to your needs.

The duration of a Ford Protect Service Plan begins at the New Vehicle Warranty commencement date (usually the date of first registration). The length of your contract and your estimated mileage determines the number of services in a Ford Protect Service Plan.

[LEARN MORE](#) 

### New vehicle extended warranty

Extend your standard 3-year/60,000 miles warranty to 4 years/100,000 miles with Ford Protect. Key benefits include\*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- The price of covered parts and labour are guaranteed for the length of your plan
- Transferable to the next owner New Vehicle Warranties can be purchased from a Ford Dealer up to the date of first registration.

New Vehicle Warranties can be purchased from a Ford Dealer up to the date of first registration.

### Commercial Extended Warranty

Cover your vehicle beyond the new vehicle warranty up to 5 years including unlimited mileage with Ford Protect. Available at participating Ford Dealers. Ford Protect provides a range of key benefits, including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Coverage on trips abroad
- Protection against inflation for the price of parts and labour for the length of your plan
- Transferable to the next owner
- Helps protect your vehicle resale value
- Ford Protect terms and conditions apply.

Commercial extended warranty can be purchased through a participating Dealer up to 30 days from date of first registration. For further information please call **03702 416 726**, option 2, option 2.

## BOOK A TEST DRIVE TODAY

The best way to get acquainted with the capabilities and possibilities offered by the new Ford Ranger is with a test drive. Book yours today, and your local Ford Dealer will be happy to assist you.

**Illustrations, descriptions and specifications.** This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

**The Government fuel figures** do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
